

## ZOOCAATION 7 – 12 YEAR OLDS (Scroll down to next page for 5 – 6 year olds).

### JULY 2008 SESSION OUTLINES

The following provides a brief summary of the Zoocation sessions currently being offered at the National Zoo & Aquarium. Each day will include animal encounters and animal feeds. While themes are the same as April Zoocation, there is variation in many of the activities

July 7<sup>th</sup> and 14<sup>th</sup>

#### WHY IS THE GIRAFFES NECK SO LONG?

- Who is the tallest, fastest, slowest and strangest? Learn about animal extremes.
- Meet and feed **giraffes**, **otters** and more
- Plus – games, craft and plenty of fun

July 8<sup>th</sup> and 15<sup>th</sup>

#### WHY DOES THE BEAR EAT SO MUCH?

- Just how much does a bear eat 30 kilos of food a day?
- Meet and feed the **brown bears** and **sun bears**.
- Learn about the different diets of the animals at the zoo
- Plus – games, craft and plenty of fun

July 9<sup>th</sup> and 16<sup>th</sup>

#### WHO CAME FIRST, THE ALLIGATOR OR EGG?

- It's not just chickens that lay eggs!
- Meet **reptile** egg layers and find out what happens inside their eggs.
- Explore the zoo meet and feed some zoo animals
- Plus – games, craft and science egg-speriments

July 10<sup>th</sup> and 17<sup>th</sup>

#### WHY CAN'T I SWIM LIKE A SHARK?

- How does a bird fly, a shark swim? Learn about special adaptations that help animals survive.
- Meet and feed some **aquarium creatures** and more
- Explore the zoo and go behind the scenes.
- Plus – games, craft and plenty of fun

July 11<sup>th</sup> and 18<sup>th</sup>

#### WHY DOES THE LION SLEEP SO MUCH?

- Why is a lion called a lion? Because they are always 'lying around'!
- Learn why animals are active at different times of the day.
- Meet and feed some **big cats**.
- Plus – games, craft and plenty of fun

*Animal encounters may vary due to circumstances beyond our control*
